

## AkyPure™ Container

### Store and Export Your Products with Complete Peace of Mind

Rely on the assets  
of PP to ensure  
completely hygienic  
logistics

A tailor-made container  
solution, perfectly adapted to  
your specific needs to ensure  
your sensitive products are  
protected.

AkyBoard®  
& AkyLux®  
Technology

Modular,  
ergonomic and  
adaptable

Strong, light and  
rigid structure

Rot-proof,  
resistant to water  
and mould

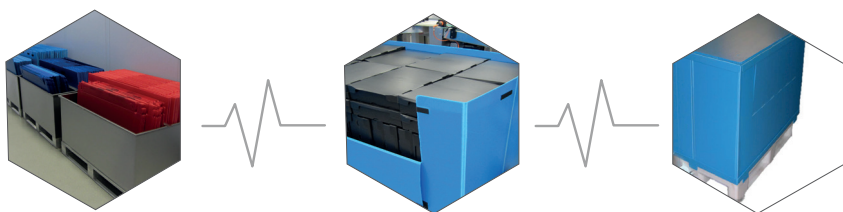

AkyPure™ Container

# AkyPure™ Container

## Characteristics

## Benefits

Foldable	→	Optimisation of storage volume Reduction of carbon footprint
Printable (Corona)	→	Contributes to improving your brand image
Customised design	→	Compatible with all types of pallets - plastic, aluminium, wood, etc.
Different types of opening	→	Easier handling and reduction of MSDs
One way or multi-way solution	→	Meets your economic or productivity requirements

## Applications

**Sachets & bags**  
containing bulk products

**Trays**  
containing flasks, tubes, bottles, etc.

**Tubs**  
containing pre-filled syringes, pens, etc.

## Business Case

### The customer's challenge:

This major pharmaceutical laboratory was looking for a solution that could be used as close as possible to the filling lines and which offered a volume that was compatible with their production rates, capacities and regulations for subsequent storage.

### Our solution:

We developed an AkyPure container that is supplied flat and which operators can assemble very easily in a protected zone. This container has been granted the awards needed to guarantee complete safety for subsequent operations, such as storage or shipment to subcontractors.

## Expert Opinion

“AkyPure containers are manufactured within a protected environment to meet the specific requirements of the pharmaceutical industry. Regular audits enable to attest the compliance with cGMP requirements. This means our customers have the assurance of a compliant and highly hygienic solution for the storage and the transport of their sensitive products.”

*Edouard Schmidt-Morgenoth  
Production Manager - Extruded Products*
